MISSIONARY CORNER

Each week we focus on Missionaries and Organizations we support as a local church.

A Timeless Message

When Donna and I began Turning Point in 1982, we couldn't imagine God would bless us with the presence we have in the world today. But as Turning Point got started, we began to see how God worked—giving us moments along the way to step out in faith and seize opportunities. That momentum took us to the next level and then the next. I'm not one to look back. I'm always looking forward and always searching for the "what's next" in God's plan for us. It's not that I don't see value in looking at the past. God has done much in and through Turning Point over the last forty years. There are countless examples of how He's provided—and a long list of opportunities seized and lives transformed for eternity—that are well-worth remembering and celebrating. But reaching forty years is not the end of something; it's just the beginning.

Though the world has changed since our ministry's humble beginnings, the Word of God has not—it is the same yesterday, today, and forever! It is a timeless book with a timeless message, and at this moment in time, God has provided Turning Point great opportunity to take the message of the Gospel to the world and into the future, as never before.
